**“MEMORIES & DREAMS”      Dianne Lindsay      DLN001**

This much waited debut CD from Dianne, produced by Marc Lea with songs being arranged by Dianne & Peter Simpson using session muso's such as Marc Lea, Lawrie Minson, John Colville, and Dave Foster to support Dianne's vocals and Peter's guitar & Marcus Greene's bass. Dianne has some top originals here such as her song "Teardrops on the River" "18th Years Of Age Today". Cover versions of her Dad's "Bushland Sweetheart" & "Beautiful Memories & Beautiful Dreams". This lady is an all round country singer who can handle a modern country tune along with the traditional style such as the Jimmie Rodgers "Hobo Meditation" which is included. One of my favourite tracks is Dianne's version of "Local Mary Magdalene" a song written by Auntie Joy with a story about an event in her mother's life. Have a listen and you will love this lady. CD's available from 0401095306 or email [diannelin@aapt.net.au](mailto:diannelin@aapt.net.au).
